## Event pinball style points rules

Sponsored by Trail Geeks off road club & Minnesota Wheels

August 27, 2005 Rock Gorge- ORV Park Gilbert, MN

- All participants start with 50 points per participating run
- Gain points by how you “hit” the designated obstacles (rocks, boulders, etc.) laid out in the course
- Lose points for reversing, extended stopping, moving material for travel
- These points are awarded for both front and rear tires, left and right side of vehicle. There will be obstacles marked on both sides of the course, and tight turns involved to reach them.
- + 5 points if tire - hits, touches, rubs, or is partially on the obstacle.
- +15 points only if full tire is significantly on the obstacle
- - 15 points for reversing direction of travel through the course (ex.: backing up to try for a second chance at an obstacle)
- - 5 points for “extended stops” along the course (ex.: stopping over 1 minute to plot course) We just want to keep things moving along at a reasonable pace to get everyone through.
- -15 points Driver may exit vehicle to move material to aid travel if done in a timely manner.
- -15 points for using jack . (for “stuck” situations, max usage 2)
- -15 points for using winch (for “stuck” situations, max usage 2)
- +25 points for completing the course.
- **Additional Spotter course points deductions**
- -15 points spotter out side vehicle (spotter must be in vehicle during travel through the course)
- -15 points for moving material to aid in travel
- You may exit course at any point you decide (or need to) and points will be tallied.
- If vehicle is unable to continue under it’s own power the run is over, points tallied, and vehicle is to be removed from the course however necessary .
- If for any reason the officials feel you should be terminated from the course that decision is final (as are all officials decisions)
- In the event of a tie score, a decision off of pre-determined criteria by the officials will be made.

### ORV park and event rules:

- No alcohol or drugs, violators will be disqualified and turned over to DNR officers.
- Participants/spectators must be clear of any winching operations
- Winch weights will be used on wire cable winch procedures
- Two way radios of any kind are not permitted for comp. participants
- In the event of a potential injury incident, it is necessary for a first responder to evaluate the situation before continuing with the competition.
- Anyone not acting in a responsible manner will be disqualified and/or turned over to DNR officers
